Architect's Certifications:

- Use of Michigan-Made Products
- Availability of High Speed Internet

**ARCHITECT'S CERTIFICATION
RE: MICHIGAN PRODUCTS**

Under Michigan's Qualified Allocation Plan for 2005-06, projects that can demonstrate the use of products and goods that are manufactured by Michigan-based corporations in the proposed development will receive two points in the scoring process.

By signing this form, the architect hereby certifies that the plans for the proposed development incorporate the following (applicants may subdivide the table below):

Product	Manufacturer	Manufacturer's Address

After construction has been completed, the architect shall verify the use of the products listed above and report any discrepancies to the Authority.

The Authority reserves the exclusive right to determine whether a manufacturer is "Michigan-based." **Failure to adhere to this certification is the responsibility of the sponsor and may result in loss of points**, which may further result in suspension of a project's application, loss of tax credits, or other penalty.

**ARCHITECT'S CERTIFICATION
RE: HIGH-SPEED INTERNET**

Michigan's Qualified Allocation Plan for 2005-06 requires new construction projects to provide certification from the architect that all units will be equipped for high-speed Internet capability. Rehabilitation project will receive five points in the scoring process for providing high-speed Internet access to each unit. This may be accomplished by connecting each unit to a separate data network using either Category 5e wiring or by installing a wireless Local Area Network (LAN) server and providing each unit with at least one wireless LAN card.

By signing this form, the architect hereby certifies that the building plans for the proposed project include the elements necessary to provide high-speed Internet access to each unit in accordance with the requirements of the QAP.
